School Admission Deadline Set Back To October 31; Janitors Seek Boost In Wages

J. W. Barnett And E. C. Ainsley, Of The Alberta Teachers' Association, To Meet Board On Salary Schedule Discussions Friday Night.

A regular meeting of Coleman School Board was held in the board room on Monday evening. Present chairman Evans, Trustees Ash, Holly, McNeil and Vasek.

Discussion arose regarding the request of International Coal Co. that two lots on the Flat be sold to it. The board is now of the opinion that new classrooms will have to be built in the near future to take care of the ever increasing school enrollment. Mention was made that it might be necessary to build a school on the flat to care for the children in the east end of town and Graftonview. In view of the present unsettled state of affairs the board decided to maintain ownership of the lots until some definite decision is reached pertaining to additional classrooms.

Peter Bakaj withdrew his application for a position on the school's staff. He gave his reason for withdrawal due to the inadequate salary schedule at present prevailing in the local school.

The provincial school trustees convention is scheduled for Calgary on Nov. 13, 14, 15. Resolutions are being sought from all school boards.

Wilson Insurance Agencies have been awarded the insurance contracts on the two taxi drivers transporting children to Sentinel and the Lime Works.

Mrs. John McDonald has been appointed to the public school staff to succeed Mrs. Horace Allen who was unable to accept the position.

High school janitors J. Kinneer and J. Kostelnik were present to seek a raise in salary. They claimed that wage boosts were being sought by practically all workers to meet the increasing cost of living. They sought a 10 cents an hour boost.

Following their departure the board gave close study to the request and reached a figure which is to be presented to the two men in writing. At the present time their wages are \$1600 per year.

Following the last special meeting held two weeks ago to discuss the overcrowding of students in grade 1 an investigation was made by the management committee on charges that certain young students would not reach six years of age until October which was past the Sept. 30 deadline set by the board for school admittance.

Committee chairman Holly submitted his report. It revealed that some staff member had been guilty

in allowing on child whose birthday was on Oct. 4 into Central school. In Cameron school it was also found that a youngster was in school despite the fact that he too was over the dead-line.

The report showed that those mothers who were clamoring for their children's admittance into school due to the youngsters having reached six years of age in October had a legitimate complaint.

To try and satisfy all, the board, after about an hour's debate, decided to serve notice of motion to rescind the September motion governing the Sept. 30 dead-line and set the new dead-line at Oct. 31. A rider was attached to the motion that should more than three youngsters show up and prove they were six years on or before Oct. the board refrain from rescinding the September motion and revert back to the Sept. 30 dead-line. Notice to this effect was authorized to be placed in The Journal.

Principle Hoyle submitted his monthly report which revealed that attendance was 97 per cent for all schools. He stated there was a shortage of large desks at Central school and he would require some from Cameron school.

A letter was received from Mr. J. W. Barnett, of the Alberta Teachers Association, stating that he would be in Coleman to meet the board on the subject of a new wage schedule to govern the local schools. He asked and was granted permission to bring Mr. E. C. Ainsley, his successor, to take part in the discussions. The meeting is scheduled for Friday night.

Due to the lateness of the season only one coat of paint will be given the woodwork of Central school, the job to be finished next spring.

COSMOPOLITAN HOTEL AT BLAIRMORE CHANGES HANDS

A real estate and business deal of extensive proportions was effected this week when W. J. Treanor, of Calgary, signed papers for the purchase of the Cosmopolitan Hotel at Blairmore, buying out James P. Smith.

Mr. Smith, acquired the "Cos" in May of 1929, and in the eighteen years under his management has made considerable improvement in the property and maintained high class accommodation for the travelling public.

COLEMAN DROPS IN POPULATION ACCORDING TO NEW CENSUS

According to the new official census figures released by Ottawa on Sept. 26, Coleman has dropped from 1870 in the 1941 census to 1,778 in 1946.

The new figure comes as a distinct surprise as the mines have been working steadily for a long period of years, it is practically impossible to secure housing accommodation within the incorporated area and our schools are overcrowded.

If the population is dropping as these so-called official figures claim then why are we having more and more congestion in housing and school accommodation. It doesn't add up.

RODEO EDITION GAINS HONORABLE MENTION

The Rodeo edition published by The Journal and supported by local merchants was apparently worthy of some recognition as it has been commented upon by the Alberta correspondent of a printing trade paper which circulates among the printing offices coast to coast.

Here is what was said: Issues Stampede Special Wild West Rodeos have regained their pre-war popularity and cowboys provide thrills in riding bucking bronchos, staging chuck-wagon races and roping steers. The Coleman Journal issued a 16-page edition to mark the Coleman rodeo. It was well illustrated and even the advertising was in line with the event.

Sign Mine Contract

(Lethbridge Herald)

CALGARY, Oct. 2 — (C.P.) — Officials of District 18, United Mine Workers of America, and Domestic and Bituminous Coal Operators signed a final agreement for a new contract in the western Canada coal industry Tuesday.

The union will submit the new contract to the membership of the union for ratification next Monday, Angus Morrison, district secretary, said. The operators and union officials will take the contract to Ottawa for government approval if the union membership ratifies it.

Milk Costs To Be Probed By Board Of Public Utilities

Date Still to Be Set; Result of Bellevue-Hillcrest Petition.

It was revealed by E. O. Duke, M.L.A., Hillcrest, that the Board of Public Utility Commissioners would hold a hearing in the Pass at a date yet to be determined in order to hear arguments, pro and con, on milk costs in this area.

The hearing is the direct result of a petition circulated by the miners in Bellevue and Hillcrest and presented to the Board by Mr. Duke.

Last June the price per quart of milk was boosted from 12 cents to 14 cents by permission of the Board of Utilities. Now that Ottawa has withdrawn the subsidy to the producer the milk in this area is threatened with an additional boost which the milk consumers are endeavoring to prevent.

GIRLS HOLD CARNIVAL FOR RED CROSS

A group of young girls recently held a carnival, the proceeds of which have been turned over to the Red Cross branch. The Red Cross branch has had quite a few donations received in this manner, and practically by these same girls, and we are very proud to think that we have some young girls in our town, who by their own efforts, give up their time and talents to serve humanity.

The Executive of the Coleman Branch Red Cross Society wish to extend to these girls our thanks and our appreciation of their efforts in the cause of the Red Cross Society.

Our thanks go to the following girls: Shirley McCartney, Marlene Bell, Roberta Bell, Doreen Kuban and Hilda Smith.

The sum of \$4.00 was turned over, for which we say, thanks again.—UNOMI.

Born: To Mr. and Mrs. William J. Irving, of Lethbridge, on Friday, Sept. 27, a daughter, Patricia Lynn.

Council To Have Dam And Filtering System Cleaned In Effort To Maintain Good Water

Will Fill In Ravine Preparatory To Making New Road To Cemeteries; Much Routine Business Discussed.

Regular meeting of the council was held on Tuesday evening. Present Mayor Abousafy, Councillors Cox, Dutil, Lowe and Wilson.

George Ford was present to ask council's aid in rebuilding the small bridge across the creek leading from Sixth street to the curling arena and sports field. During the past summer someone had ripped the bridge from its supports and dragged it into the creek bed. Council will build a temporary bridge as it has plans for the general improvement of the park as a whole.

Wm. Martland, town ashman, was present to prevail upon council to allow him to keep all revenue from families occupying suites on main street. Upon his departure council gave consideration to his request and finally decided to adhere to the contract which states that the ashman must collect ash fees from parties residing on main street suites and turn said money over to the town secretary.

Mr. Martland also warned council that should no improvement be made to Seventh street east roadway he would be unable to get his truck alongside several houses to remove ashes. Council stated they have in mind cutting a portion of the hill away in that area to allow increased road allowance.

Robert Campbell was present to ask that a street light be installed near his Seventh street property. Inspection will be made of the area by the Light & Water committee.

Discussion arose regarding the new roadway to the cemeteries. A fairly deep ravine has to be filled in and International Co. will be invited to dump its rock here during the winter months.

Councillor Adam Wilson was appointed as a delegate to the Provincial Municipal Convention to be held at Edmonton on Oct. 17 and 18. Mayor Abousafy was appointed at a previous meeting.

A by-law covering the six months agreement period of July to Dec. 1946, between the Town and Coleman Light & Water Co. was given third reading.

A by-law to officially appoint Joe Malanek as enumerator for the Town of Coleman for the Municipal elections to be held in February, 1947, was given third reading.

Some time ago the Department of Trade & Industry asked council for a donation towards an advertising campaign to encourage manufacturers to settle in Alberta. Council asked for more information. To date this information has not been forthcoming but a second appeal for a donation was received on Monday evening. The matter was tabled until further information was received.

Council was informed that two elderly persons had been granted the old age pension. It was revealed that one resided on Blairmore Road and the other in East Coleman. Since the town is not responsible for either claim Edmonton will be notified of this fact.

The latest water analysis reveals that the water is now pure.

The Light & Water committee was authorized to contact Coleman Light & Water and ask that the

dam be cleaned out at least once a month when weather permits. The filtering system is also to be cleaned.

The Fire Chief's report revealed that a small fire had occurred in a shed at the rear of the RiteSpot in August. The shed was described as being filled with old banana crates, etc. A statement covering fire-fighters' expenses was presented.

Council was requested by the school board to place school zone signs in appropriate positions to cover central and high school and also Cameron school.

No U-Turns will be allowed at the intersection between the Post Office and Coleman Cafe. No U-Turn signs have been ordered and will be erected in due course.

One more concrete sidewalk is to be laid this Fall. The Works & Property committee is to determine just where the new sidewalk is to be laid.

Poor radio reception was discussed. Poor connections in various poles was given as one cause, another being due to light bulbs on the verge of burning out.

PLATE GLASS

WINDOWS SMASHED

Some youth, or youths, recently smashed the two large plate glass windows of the White Rose Service and Garage. One of the windows smashed under the impact of one rock but the second window showed the effects of two rocks smashing against it.

The damage was reported to the police, who, it is understood have two youths under questioning.

SIXTH ANNUAL Coleman Lions DRAMA FESTIVAL AND ALBERTA SUB-REGIONAL FESTIVAL

A competition of One Act plays will be held during February, 1947, in Coleman. Open competition for the Lions' Drama Festival, as well as individual acting awards, will be featured.

Drama Organizations, Church Societies, Schools, Clubs, or any other organizations desiring to enter this Festival, please notify the Secretary at once.

This is important as all competitors in Sub-Regional Festivals of the Alberta Drama League must submit entries by November First.

All Clubs interested should contact the Secretary whether or not they intend to compete, and so keep in touch with events. For further particulars please send enquiries to:

F. W. GUERARD, Secretary, Coleman Lions Drama Festival.

School Admittance Deadline Now Extended to October 31, 1946

Parents having children reaching six years of age on or before October 31, 1946, are asked to register them with either Principal D. Hoyle, of Central School, or Principal A. Yull, of Cameron School.

Please note that should more than three children be registered for school admittance during the month of October the Board reserves the right to revert back to the September 30 deadline, as the class rooms will be unable to absorb more than three additional students.

WORLD HAPPENINGS BRIEFLY TOLD

Three thousand peak, one of the mountains along Labrador's rocky coast, has been named Mount Dalhousie after Dalhousie University in Halifax.

Hungarian titles will disappear under a new government decree abolishing titles and ranks as contrary to the spirit of the new democracy, it was learned.

Thirty-three pieces of Roman silver, made between A.D. 300 and 400 and all in excellent condition, were turned up by a plow in a field near Mildenhall, Eng.

Buckingham Palace has announced a new Private Secretary to Queen Elizabeth. He is 28-year-old Major Thomas Cockayne Harvey, of Ringstead, near King's Lynn, Norfolk.

The 2-power Paris conference will cost the French government some 200,000,000 francs (about \$2,000,000), it was disclosed in supplementary estimates submitted to the French Assembly.

After 100 years in the family of Rev. John Oury, the miniature of Lady Hamilton which Admiral Nelson wore at Trafalgar was sold by auction at Salisbury, England, for £200 (\$800).

A Skymaster plane broke the record for a civil flight across Australia from Perth to Melbourne by 18 minutes. It covered the 1,700 miles in six hours, one minute.

For the first time since 1939, the State Apartments of Windsor Castle, England, have been re-opened to the public. Visitors have again been afforded the opportunity to see the Round Tower.

Field Marshal Smuts

Never Accused Of Having Been Bought With Gold

If ever there was a man in this world who could never be accused of having been bought by British gold, they used to say that in the old days, when the British had gold—it is Field Marshal Jan Smuts, Prime Minister of South Africa. This superlatively educated and experienced old man, who certainly gave Kitchener a merry chase in the Boer War, has come out in the declaration that British imperialism, as such, the extension of the Empire, went out after the Boer war, the war in which he fought the British. Of course, enlightened Canadians have a good idea of all that but, unfortunately, to the South, they still think in different terms.

The revolution has been from colonies to Dominions. It is still going on; as in the case of India today, the approach to self-government. Ireland has it right now in effect. We could have it, even to the extent of staying out of Britain's wars. Quebec wants it, but what is not realized in the neighboring province yet, and it may be in due course, is that while Quebec can stay out of a British war, it can't stay out of a United States war. That lesson was pretty close to home in the last few years and it is hoped that it will never be closer in the days to come.

However, Jan Smuts is a world statesman. He did not mention the name of Henry Wallace who derided British so-called imperialism. But he was near the mark. Prime Minister Smuts has known every move of the successive British governments for 40 years past. He ought to know, if any man does, what they have been driving at.—St. Catharines Standard.

A Serious Business

Driver Of Car Should Not Let Anything Take His Attention

Victoria's chief of police says a cigarette can cause a bad automobile accident.

"If we are to reduce traffic accidents we must stop taking these little chances, which look so insignificant at the time we take them, but can have such tragic consequences," Chief McLellan says. The chief is right, of course. An automobile driver lighting a cigarette while his car is travelling is taking a chance. He must turn his eyes from the road. In that one split second something disastrous can happen.

The driver of a car has a big responsibility, to himself, to those in his car, to those in every other car on the road.

Automobile driving is serious business. The person in charge of a car must be ever on the alert. Lighting a cigarette, fiddling with a radio dial, lecturing, rubber-necking at signboards and farm houses can have blood-stained results.—Time Magazine.

Regent's Park, London, contained 100 varieties of roses in its rose garden prior to the war. The garden contained 21,000 roses.

Health LEAGUE OF CANADA presents TOPICS OF VITAL INTEREST

WEST COAST OUTBREAK PROVED VACCINATION STILL A NECESSITY

From birth to death man is in continuous battle against those elements, which, if permitted to dominate, result in the maiming, marring or killing of himself, Dr. Stewart Murray, Medical Officer of Health of Vancouver, B.C., writes in Health, official publication of the Health League of Canada.

"Smallpox is an example of this never ending fight," Dr. Murray says. "However, against smallpox there is a very effective weapon—vaccination." Dr. Murray's message is timely in that it was published on the eve of "National Immunization Week", annual observance aimed at emphasizing the fact that smallpox, diphtheria, whooping cough and scarlet fever are preventable diseases.

"Can smallpox occur here?" Dr. Murray asks. "Yes, since the beginning of recorded history smallpox has occurred. Has the disease threatened us recently? Yes, with our rapid means of transportation an individual could be exposed in India and be at his home in Vancouver or Toronto four days before showing signs and having symptoms of an attack. Just such a situation developed in April, 1946, on the Pacific Coast.

"A man returning from the Orient disembarked at Seattle. He became acutely and critically ill. Smallpox was suspected and later the diagnosis was confirmed. Unfortunately the patient died, but if that were the whole story while it would have been unfortunate for the man and his family, society would not have been harmed. However, prior to his illness becoming so severe that he required medical care he had had contact with many unprotected, innocent citizens.

"The final picture showed 68 cases and 20 deaths with 41 showing scars resulting from moderate or severe infection. This showed very definite need for protective action now against smallpox. Dr. Murray tells how Dr. Edward Jenner in 1798 introduced the weapon which can completely eliminate smallpox. It was on May 4 of that year that he successfully protected a boy by vaccination.

He says enlightened citizens of to-

OUR COMPLETE SHORT STORY—

A GUN FOR JULIE

By THELMA GARDNER

Copyright
Wheeler Newspaper Syndicate

JULIE SERRIANI put the \$1500 in a black cloth bag, pulled the drawstring very tight, and thrust it in the bosom of her dress. It made a bulge, but her winter coat helped to conceal the unusual object.

Julie looked about the three-roomed cottage that had been her home for nearly twenty years. A childless widow has no use for a house on five acres of remote land but in the city she can always find some kind of work and \$1500 is a fine sum for one's old age.

She put the padlock on the door for the last time, and with the precious bulge resting next her skin, slipped into the dusk.

Her brother, Daniel Concenia, was reading when she arrived at his cabin. He had both elbows on the table and his ears cupped in his hands. The lamp wick was turned high, and light flickered about the rough board walls of the kitchen.

"Hello, Dan," she said, taking off her hat and coat. "I've got the money. Old Man Turner paid me in bills, this afternoon." Her voice trembled with nervous excitement.

Dan's eyes moved quickly from her person. "Don't see no bag. Where you got it?"

"I've hidden it on the floor. No one's going to snatch any purse full of money off me." She squeezed the neckline of her dress with nervous fingers, and felt the hard lump of bills.

"Will you walk to the train station with me, Dan? I feel sorta nervous carrying so much money." Daniel folded the paper methodically. The lamp flickered on the rickety table. "I'll see what Uncle says. He's out in the work shed." He eased himself out of the chair, and made for the back door.

Julie sat down and waited. She fretted over the five miles she must walk to the train station. Five miles of dark country road. It was no joke for a lone woman with a lot of money.

Dan stepped back into the room. "Unc was fignerin' on me helpin' him with a job. His car's on the blink an' I said I'd give him a hand with it. But I brought you this for perfection." He held out a shotgun. "It ain't likely no one will bother you, but sometimes these fellows get wind of loose dough hanging 'round the country."

Julie took the gun. "I never used one before. What do I do?" She fingered the cold steel at the barrel. "You don't have to do nothin' if anyone bothers you and starts gettin' tough shove this thing into his stomach, and let 'em have it."

"Oh no, Dan! That would be murder!"

"You want your dough, don't you? Well, you got a right to protect yourself. Awright, you feel O.K. eh?" She looked at his concerned face, and smiled with a heavy sigh she did not feel. "Sure I'll be all right. What will I do with the gun?"

"When you get about a quarter of a mile from the station toss it into the bushes on the right hand side, then I'll know where to look for it," Julie nodded and went to the door.

"And write me a letter when you get to the city, so's I'll know you arrived O.K.," Daniel called after her.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Julie set off along the road for half a mile. She could see Rankin's light burning, a flickering square in the darkness. Not the friendliest of neighbors, but neighbors! She would call and bid goodbye.

Mrs. Rankin poured her a cup of tea, and asked a lot of questions. Julie told them about the money and the gun. Bert Rankin looked suddenly interested. He moved off his chair with careless grace and picked up the shotgun. Although his back was to them, Julie knew he was examining the breach. She saw him go to a cupboard and reach inside. There was a metallic clicking, and then he stood the gun in a corner ready for her.

When he turned around and saw Julie watching, a strange look passed over his face. He took a chair, averted his eyes, and started rolling a cigarette.

Julie felt cold fingers of resentment touch her shoulders!

When she said goodbye, and moved off into the darkness, she carried the shotgun. Foolish, but at least it was protection. She'd never use it, even if someone did bother her, just frighten them off.

The night was ominous. Trees seemed to hang too far over the gravelled road, and she wished her feet would stop at the bushes. As she trudged along, every bush and every stump took on grotesque outline. Well, two more miles and she'd be at the station. The gun felt good in her hand. Soon now she could hide it in the bushes.

She wished the stumps would stay still. They seemed to be moving and jerking about in the darkness.

Another mile now. And that talk stump on the left, if only it wouldn't seem to move. Her imagination was playing tricks. No stump could move, but it was . . .

Julie stopped in her tracks. Her heart was pounding. A figure dislodged itself from behind the stump, and advanced toward her, cautiously. Julie moved two steps backward. The figure came on. Julie moved back again. She wanted to scream, but her voice was gone. The man was bent over, coming closer . . .

Julie felt her fingers tighten around the gun. She raised it waist high and waited! Ten feet! Eight feet! Six! Slowly, she squeezed the trigger . . .

The man seemed to stand still for just a second. Then he toppled over. Julie dropped the gun. She reached in her pocket for matches and struck one. The man was motionless. Quickly, she ripped the cloth off his face. She knew then what had happened. Bert Rankin had loaded a gun that was intended to be empty. Julie started running for the train.

Anyone passing this way would come across the shotgun and the body . . . of Daniel Concenia!

SELECTED

RECIPES

BLACK AND WHITE CUP CAKES

- 3 tablespoons sugar
- 3 tablespoons water
- 1½ squares Baker's Unsweetened Chocolate
- 1 teaspoon soda
- 2 cups sifted Swans Down Cake Flour
- 2 teaspoons Calumet Baking Powder
- 1½ teaspoon salt
- ½ cup butter or other shortening
- ¾ cup sugar (*)
- 2 egg whites, unbeaten
- ½ cup milk
- 1 teaspoon vanilla

Combine sugar, water, and chocolate in saucepan and cook over low flame until thick and smooth, stirring constantly. Stir in soda; cool slightly. Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening, add sugar gradually, and cream together until light and fluffy. Add egg whites, one at a time, beating very thoroughly after each. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add vanilla. Divide batter in two parts; to one part, add chocolate mixture, stirring until blended. Put by teaspoons into greased cup-cake pans, alternating light and dark mixtures. Bake in moderate oven (375 deg. F.) 20 minutes, or until done. Spread tops with frosting. Makes 16 large cup cakes. (*) You may substitute corn syrup or honey for half of sugar. Use six tablespoons of each and decrease milk to ½ cup.

BRITAIN NEEDS WORKERS

Greatest obstacle to British industrial expansion is an acute over-all shortage of male and female labor, Sir Stafford Cripps, president of the board of trade, said. There was a shortage of 100,000 cotton workers and 57,000 wool workers compared with the pre-war period. 2692

COST MANY LIVES

Chinese Troops And Civilians Were Massacred By Japanese

TOKYO—More than 150,000 Chinese were massacred by Japanese in Singapore, said a hitherto secret atrocity report read to the International War Crimes Court.

"They were punished or tortured to death by Japanese secret police," said the document—which the prosecution introduced as evidence over defense protests that its authorship was unknown.

The document was discovered last week by Col. Cyril Hew Dalrymple Wild of the British Army.

The Human Heart

Is Constructed To Last Nearly 100 Years, Says Specialist

Dr. Josiah Oldfield, a specialist at Chestnut, Herts, England, said the normal human heart is constructed to beat about 2,500,000,000 times—which would mean a life span of 95 or 100 years. But most people, he added in a speech, race the heart by eating meat, drinking alcohol or taking strenuous exercise, thus causing it to stop sooner. Dr. Oldfield, who takes it easy and lives mostly on fruit, is 83.

FOUND IN OSAKA

From the murky shadows of the Osaka arsenal, Japanese have produced the much-sought bronze statue of Queen Victoria, looted from Hong Kong by the Japanese Army. The crown and right arm were missing when the statue was turned over to Allied Headquarters, which had ordered it produced upon complaint from British authorities at Hong Kong.

MISS CANADA IN THE KITCHEN

Miss Canada, otherwise Marlon Saver, now has a job (temporary) she loves. A member of the Youth Council of her home town of Richmond Hill, Ont., Miss Canada is in the kitchen preparing sandwiches, cookies and other delectables for the Youth Council's first birthday party.

For Outstanding Work

Two Awards For Drama Honors Come To West

Mrs. Elizabeth Haynes of Edmonton and Prof. E. Malwyn Jones, Saskatoon, have received the Canadian drama award for outstanding work in promoting Canadian drama.

Mrs. Haynes, former director of the kitchen preparing sandwiches, cookies and other delectables for the Youth Council's first birthday party.

She has acted professionally and is the author of several plays.

Prof. Jones directed plays at the several local productions. He now university and also was in charge of it with the University of Saskatchewan.

Kellogg's Bran Flakes are delicious. In a recent survey Canadian housewives voted Kellogg's #3 to 1 favorite over any other brand.

Make this 30-day test!

1. If you're really ill, see your doctor! But if you just feel dull and head-ache, you may only be suffering from incomplete elimination. Especially if you're over 35. Here's how one simple change of diet can help you keep fit!

2. Start now to eat Kellogg's Bran Flakes every morning. If you want to keep feeling fit the natural way, get more of the "bulk" your system needs by eating delicious, gently-laxative Kellogg's Bran Flakes With Other Parts Of Wheat.

3. Just thirty days should prove to you how grand it is to feel alert, to have the energy for all the extra things you'd like to do. You'll want to go on keeping fit the Kellogg way!

Bran Flakes, Pep, Corn Flakes, All-Bran, Rice Krispies, Krumbles and All-Wheat are all made by Kellogg's, the greatest name in cereals.

Possibility Of Newfoundland Throwing In Lot With Canada

There is the possibility of Newfoundland becoming the tenth province of the Dominion. From a Canadian standpoint this is desirable. It would round out Confederation and Newfoundland is vital to our defence.

However, there has always been a strong feeling against Confederation in Newfoundland. They are suspicious of their big brother and they say the Maritimes are none too happy in Confederation.

It is unlikely that Newfoundland, and particularly now that they are prosperous and have a balance in the treasury, will consider joining with the Dominion. They will be welcome, but it is entirely a matter for the Newfoundlanders themselves.—London Free Press.

Restores Speech

So-Called Truth Serum Given To Man Who Had Lost His Voice

GOLDENDALE, Wash. — Mark Smith, 51-year-old Klickitat county farmer, credited sodium pentathol, the so-called truth serum, with restoring his voice, lost 28 years ago in a German artillery barrage in France.

Doctors confirmed that sodium pentathol was administered — first case in this knowledge of its use in restoring speech.

Coleman Drama Club Proposed Constitution

A meeting of considerable importance, to all those interested in Dramatics will be held in the Grand Union hotel at 8 p.m. Tuesday Oct. 8. This will be the second public meeting for the purpose of forming a drama club in Coleman. Membership in the club is open to all who wish to become active members or associate members. The distinction between these classes of members is made clear in the proposed constitution set out in this column.

The activities of the club have not as yet been specifically set out. These will be discussed at the forthcoming meeting. What has been suggested is embodied in the proposed constitution. Of major interest for the coming year is the proposed Drama School during the fall. It is hoped that the department of extension can supply this school but arrangements have not as yet been completed for this. Later it is proposed that the club enter one or more plays in the Lion's Drama Festival in February or March.

Membership in the club is open to those of other Pass towns who are interested. You are cordially invited to attend the organization meeting on Tuesday.

The agenda for the Tuesday meeting will be chiefly a discussion of the proposed constitution which is set forth below. Remember this has not been adopted and will be open for full discussion. Consider it carefully and bring your ideas for improvement to the meeting.

For those who are interested in the development of Dramatics but who may not wish to take an active part, you can lend your support by becoming associate members. Those who contemplate associate membership should attend the organization meeting and help us by presenting your views on club activities, etc.

Proposals for the Organization of a Drama Club in Coleman

1. Aims of the Club: (a) Development of the Drama in Coleman through education and the encouragement of directors or drama; (b) provide opportunity for all those interested in drama to take part; (c) encourage play-writing.

2. Direct on and control of the Club: This to be in the hands of an executive determined as follows — (a) president, vice-president, Secretary-treasurer, to be elected by the club membership; (b) three (3) executive members to be appointed by the Coleman Lions Club.

3. Subsidiary committees: To be appointed by the central executive as the occasion arises.

4. Membership: The membership to comprise Associate and Active members. (a) Associate members, those who will lend their support to the Club. They will have special privileges over the general public in attendance at Club presentations, rehearsals, educational classes and

have the opportunity of purchasing seats ahead of public sale when a public performance is staged by the Club; (b) Active members, those who will take part in the various activities of the club. These will consist of adult and high school members. From this group will come the directors, actors, stage hands, etc.

5. Fees: This should be decided at the organization meeting. It is suggested that they be, Associate \$1.00, Active \$2.00, High School (active) \$1.00.

6. Proposed activities: (a) This Fall; (b) Drama school. A three-day school of drama to be held in October. The Department of Fine Arts of the University of Alberta to be asked to send an instructor for this school. A scholarship to be offered for anyone who shows ability and the desire to attend the Banff school the following summer (1947). It is suggested that this be \$50.00 to help pay fees at Banff; (ii) three-act play. This to be presented this Fall to help cover the expenses of the Drama school. This year's play to be chosen from experienced persons of the club as time is not sufficient to have the Club functioning well enough to handle this project this year; (iii) selection of one-act plays. Persons and plays to be selected through the Club with the view of entering these in the Festival; (b) Activities of future years. (i) develop Drama Education—this to be started by experienced persons and carried on later by other Club members who attended the Banff school. The scholarship as proposed for this year to be an annual offer to encourage those interested in attending the Banff school; (ii) present within the Club monthly or bi-monthly play. This will afford opportunity for all those interested to try their skill; (iii) provide opportunity for education and practice in all features of the Drama, e.g., directing, acting, make-up, staging, etc.; (iv) develop from the Club three or four one-act plays for entry in the Lions Drama Festival; (v) present at least one major play for the general public each year (vi) develop a reference library. This might be done in conjunction with the Drama Festival Committee; (vii) organize and conduct an annual three-day Drama school, this school to be open to anyone in the Pass who might be interested; (viii) co-ordinate the Music and Drama interests with a view to an annual presentation of an operetta or musical comedy.

7. Finance: (a) The Club to be sponsored by the Coleman Lions Club; (b) financial matters to be decided by the central executive with the approval of the Lions Club; (c) the Club to be in so far as possible self supporting financially through the levy of fees and the presentation of plays to the public.

"BRIDE WORE BOOTS" TELLS ROMANTIC TALE

Some of the most exciting love scenes, and the most amusing, the screen has offered in quite a while are said to be in Paramount's new romantic comedy, "The Bride Wore Boots," which comes Saturday to the Palace theatre with Barbara Stanwyk, Robert Cummings and Diana Lynn in co-starring roles. The story concerns the domestic difficulties of an outdoor girl and an indoor man, portrayed by Miss Stanwyk, who loves horses, and by Cummings who abhors them. How they work out their differences,

which are further complicated by situations that would throw a monkey-wrench into even a smooth sailing marriage, is reported to make "The Bride Wore Boots" an extremely funny picture.

This is Miss Lynn's first opportunity to play the "other woman" and it definitely marks this to the swaddling clothes period of her film career.

Others in the picture are Patric Knowles, stage star Peggy Wood, Robert Benchley and Negro comedian Willie Best, who always pleases.

"Saratoga Trunk" Makes Debut At Cole's Theatre Saturday.

A slice out of America's past rich in color, romance and adventure, springs into lusty life in Warner Bros. newest drama of love and adventure, "Saratoga Trunk," which arrives Saturday at Cole's theatre. Starring Gary Cooper and the year's most talked about actress, Ingrid Bergman, the film tells a turbulent tale of intrigue, ruthlessness and love, set in exotic Creole New Orleans and the bawdy vulgar Saratoga of a departed era.

AN EXPLANATION

The War Bride's committee which resigned some weeks ago, would like it understood that its services

were given voluntarily, not paid. Criticism was given freely on several occasions and not much gratitude shown.

Each shower averaged from 80 to 100 guests, had to be catered for and work done which in practically each case occupied an afternoon and evening.

The committee would like it clearly understood that each bride appreciated her individual shower and the committee really enjoyed welcoming the brides to Coleman.

The Minister of Finance announces A NEW BOND ISSUE FOR PEACETIME SAVINGS

Canadians are thrifty people. Their record in war financing will stand for many years to come.

Through six years, millions saved and invested in Victory Bonds and War Savings Certificates in a way no one thought possible. Many thousands learned the convenience of regular, systematic saving, whether in small monthly amounts or by larger cash investment. As a result they have accumulated substantial personal reserves with all that means in increased future security and satisfaction.

Because suggestions and requests have come to me from all parts of the country that facilities for this kind of saving be continued in peacetime, the Canada Savings Bond has been created.

The issue of War Savings Certificates and Stamps to the general public will be discontinued on September 30th, and final instalments on the last Victory Bond issue will have been completed in the near future. Canada Savings Bonds, therefore, will provide an opportune means for citizens to carry on their regular savings habits without interruption.

The general public should note that this time there will be fewer salesmen than in the case of Victory Bonds. Although the new Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and trust or loan companies, these agencies will not be able to approach every individual Canadian. This means that for the most part it will be left to Canadians to assume the responsibility for their own purchases of Canada Savings Bonds. If they wish to grasp this opportunity, they should act for themselves without delay.

Canada Savings Bonds are designed to be the finest investment available to the public today. I recommend them to you as a safe, profitable and convenient investment for personal savings.

I now announce the terms of the new Canada Savings Bonds, which will be offered commencing October 15th.

M. A. A. A.
MINISTER OF FINANCE

... Features of the new Canada Savings Bonds

Interest 2% by annual coupon. Purchase price 100%. Accrued interest will be charged if payment is made after November 15th. Issued in denominations of \$50, \$100, \$500, and \$1000.

Dated November 1, 1946, maturing in ten years. Non-callable by the Government, but redeemable by the owner at any time at full face value plus interest at coupon rate at any branch in Canada of any chartered bank. Non-transferable and non-assignable.

Holdings by any one person limited to \$2000. Registered as to principal, providing protection against loss. Available for cash, on the Monthly Savings Plan or by personal arrangement with a bank.

A Citizenship Week

FOR MANY YEARS, interested groups throughout Canada have advocated that the public, and especially new citizens, should be made more fully aware of the privileges and responsibilities of citizenship, and that when people from other lands take out naturalization papers, more effort should be made to impress upon them the significance of their new status. With the coming into effect of Canada's new Citizenship Act, on the first of next January, a new procedure is to be followed in connection with the formal granting of citizenship, and it will no doubt be regarded with great interest in all parts of the Dominion. At that time, a nation-wide Citizenship Week is to be observed from January 6 to 11, and during that week many who have fulfilled the necessary qualifications will receive their new status.

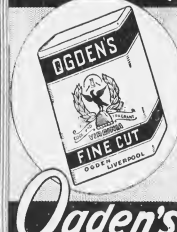

A Pattern For Such Occasions

A special committee is now arranging for the observance of Citizenship Week and it is expected that there will be regional as well as national programs designed to impress both old and new citizens with the meaning and value of this important step. One feature of the observance will be a large and colorful ceremony at the Parliament Buildings at Ottawa, when a group of persons representing all parts of Canada, who have completed the necessary qualifications will become citizens of Canada. Similar gatherings will take place in other parts of the country, and it is expected that the procedure to be followed, which may include speeches by government officials and other dignitaries, appropriate music, and the presence of relatives and friends of the new citizens, will set a pattern for future ceremonies of this kind.

People Tend To Forget Duties

All Canadians, whether they are such by birth or by naturalization, would do well to give more thought to the meaning of citizenship. In contrast to the intense nationalism and the almost complete submergence of the individual to the state, which we have seen in so many countries in our time, the lack of interference here in political and religious beliefs and other matters essential to the freedom of the individual, tends in many cases to cause people to forget the duties of citizenship. It is apparent that there is no security in the world today, and that if we are to keep the things we value, we must take care to preserve them. Canada remains one of the few places in the world not torn by war, famine, and bitter political strife, and what has happened in other countries could happen here. "Citizenship Week" will no doubt arouse much interest, but Canadians would do well to carry this interest into all their activities in every week of the year.

Freedom Of The Seas

Is A Mutual Interest Between Canada And United States

VICTORIA.—For many years, the mutual interests between Canada and the United States have been the sea and the two countries' whole existence demands maintenance of freedom of the seas, Vice-Admiral A. W. Fitch, U.S.N., commanding officer of the U.S. Naval College at Annapolis, told members of the United States Institution of Vancouver Island, at a luncheon meeting here.

A cayman is a species of alligator.

Custom Explained

Chief Scout Tells Why Left Handshake Always Used

Many, who do not belong to the Scouts organization, wonder why their handshakes are always with the left hand. To most Scouts, Cubs, Girl Guides and Brownies it was always understood that it was because the left hand was closest to the heart.

However, Lord Rowallan gave the true explanation, one which was first known many years after it was first instituted. According to Lord Rowallan it was during a visit to Africa that Lord Baden Powell, former Chief Scout of the British Empire, met a chief of the Ashanti tribe. On stepping forward to greet the African chief Lord Baden Powell extended his right hand but the Ashanti chief extended his left, explaining as he did that "the bravest of the brave shake hands with their left hand as in order to do so they must throw away their greatest protection, their shields."

MILAN FAIR

MILAN, Italy.—For the first time since 1942, Milan's international fair, reconstructed on a bomber site, was opened to the public recently. The only British exhibit was a display in the chemical section by a Manchester oil refinery company.

Some newspaper presses are capable of producing 300,000 copies an hour.

GIRL GUIDES

Commissioner Speaks Of Opportunities

For Youth In Canada

CAUX, Switzerland.—Mrs. Gordon Conant, Girl Guide commissioner for Ontario, was one of the chief speakers at the weekend sessions of the European Assembly for Moral Re-armament at Caux, Switzerland. Mrs. Conant, who is attending the assembly on her way to the world conference of Girl Guide Associations, spoke of the opportunities before Canadian youth.

"Canada is a great country," she said, "but she has become the battleground and tool of wrong forces. The time is urgent and youth is our strongest asset. I have dedicated my life to the youth of my country. I have dedicated it now in a different way. I go on to the world conference of Girl Guide Associations not only with a desire to help but with a passion for the ideology of Moral Re-armament."

Mrs. Conant pointed out how certain countries were trying to do away with the Scout and Guide movements. "The first law they want to eliminate," she said, "was 'I promise to do my duty to God and country.' They want to substitute," she continued, "A Guide is noble for 'A Guide is pure in thought, word and deed.'"

Other speakers at the assembly, which has representative delegations from Canada, the United States, Europe and the Far East, included George Simmons, British Labor M.P. and commissioner of the treasury, and Pierre Cartier, president of the Federation of French Insurance Companies and former member of the Allied Control Commission in Germany.

The Admiral's Suite

Will Be Used By Royal Family On South African Trip

The Queen is choosing the furnishings and decorations for the Royal Suite in H.M.S. Vanguard, which will take their Majesties to South Africa early next year. The Royal apartments will be those designed for an Admiral and his staff. They are situated in the after part of the superstructure, afford a view to port and starboard, and give direct access to the magnificent promenade of the quarter deck. A small private sun-deck is to be made for the Royal party on the roof of their apartments. Her Majesty has chosen cream walls and light-colored carpets. Plate and cutlery and some furniture from the Royal Yacht Victoria and Albert will be used. The Vanguard is Britain's biggest and fastest battleship. Amenities for the crew include a cinema, a soda fountain and a cafeteria.

NAME IS CHANGED

The name of the Red Army has been changed to Soviet army, and the Red navy to Soviet navy, the Russian military administration announced. The Russian army has been officially known as the Red army since Lenin raised forces to defend the Soviet regime in the civil war following the Bolshevik revolution of October, 1917.

Potatoes were not known in North America until after the middle of the 16th century, when they were brought to Virginia from Peru.

Gift Parcels

British Housewives Find The Food Situation More Difficult

LONDON.—Canadians packing gift parcels for the United Kingdom for Christmas or any other time might remember the British people like to be clean as well as full.

Some soap would be a welcome addition to the food parcels. British officials said the parcels must not exceed 11 pounds, of which only seven can be food and not more than two pounds of any one food. The other four pounds could include necessities like soap and clothing.

Not more than one parcel monthly is allowed and it must be unsolicited. These regulations are set forth by the Board of Trade which demands import permits for almost everything brought into the United Kingdom apart from gift parcels.

Customs officials said both new and used clothing sent in gift parcels are dutiable. Thus while the trade board has no objection to clothing being part of the parcel the recipient may have to pay duty. Although many may have received clothing in parcels and not been charged duty, it does not necessarily mean they will escape in the future.

Officials said the flood of parcels from the Dominions continues although there have been recent protests that the parcels have not been received. If regulations are contravened the department has power to impound the parcels but one source said that of the millions received in the first five months of 1946 only 125 were stopped in that manner.

Officials said they doubted that many parcels had been lost in transit as lengthy delays still occurred in shipments and some who protested that parcels were stolen or had strayed received them later.

British housewives find the food situation more difficult than during the war with bread rationed and reductions in several categories. They find it difficult to make food tasty and orange or lemon peel would help with Christmas cakes. Nuts would be welcome and dried pears, apples or apricots. Some raisins and currents are available here but Canadian chocolate bars, soups, puddings, canned meat and the like remain most acceptable.

R.C.M.P. History

Commissioner Mead Is An Authority On Story Of Famous Force

In nearly half a century with the Mounties Deputy Commissioner Mead figured in enough excitement to fill a dozen adventure magazines. He became such an authority on the history and lore of Canada's famous police force that when T. Morris Longstreth and Henry Vernon were writing "Murder at Belly Butte," a thriller dedicated to Col. Cortland Starnes, then head of the R.C.M.P., he was commissioned as secretary to the authors.

He conducted the two writers through the Northwest Territories, where he had served as a constable, and later aided in developing several other stories based on R.C.M.P. records.

Now he has laid aside his tunic for the last time and has leisure for his memories, his friends and his memoirs. He helped to bring law into the Canadian wilderness and he has earned his rest—Vancouver Province.

SMILE AWHILE

"Why have you got 'Push' printed on that door when it opens outward?"

"That's so people will be sure to pull it."

"What's happened, George?"

"Puncture." "You should have looked out for it. The guide book says that there is a fork in the road just about here."

"Come, come, Joan, surely you know if the world is round or square? ... Mary, tell her." "It's crooked, teacher," said Mary, darily.

"Did you cancel all my engagements, as I told you, Smithers?"

"Yes, sir, but Lady Millicent didn't take it very well. She said you were to marry her next Monday."

Binks: "I'm the happiest man in the world. I have the best wife in the country."

Banks: "Well, who wouldn't be happy with his wife in the country?"

Professor: "What is the most potent poison?"

Student: "An airplane, one drop and you're dead!"

Judge—Driving a car at 80 miles an hour is a criminal offence! Speeder—I can't help it, Judge. I do everything fast.

Judge—Thirty days in jail. See if you can do that in less than a month!

Two little boys were talking over the wonders of nature. First—"Aren't ants funny things. They just work and work all the time and never play."

Second—"I don't know. Every time you go on a picnic, they are there."

"Tell me, please, how I should go about getting a start in the great game of business?"

"Sell your wrist watch, and buy an alarm clock."

"Ah-h-h! I Can Breathe Again!"

If your nose sometimes fills up with stuffy transient congestion—put a few drops of V-a-tro-nol in each nostril. It quickly reduces congestion and makes breathing easier in a hurry... gives grand relief from stuffy, sneezy, stuffy distress of head colds. Follow directions in the package.

VICKS VA-TRO-NOL

GEMS OF THOUGHT

ACHIEVEMENT

It is the old lesson—a worthy purpose, patient energy for its accomplishment, a resoluteness undaunted by difficulties, and then success—Puncheon.

No wind makes for him that hath no intended port to sail into.—Montaigne.

The devotion of thought to an honest achievement makes the achievement possible.—Mary Baker Eddy.

If you wish success in life, make perseverance your bosom friend, experience your wise counsellor, caution your elder brother, and hope your guardian genius.—Addison.

A purpose underlies character, culture, position, attainment of every sort.—Munger.

Nothing is achieved before it be thoroughly attempted.—Sir Philip Sidney.

THE EXPLANATION

If you cry over onions, you're lucky. People who can't produce tears really suffer because their eyes smart. Onions give off something to the air exciting the ends of the nerves of smell in the nose and also the ends of the nerves of touch in the eyeball and eyelids. These message the brain to tell the tear glands to make tears quickly. Result: Our eyes water.

Diamond dust saved from cutting is used for fine polishing.

Here's really effective gentle relief from **CONSTIPATION!**

Get glorious relief from sluggishness the proved Phillips' Milk of Magnesia way. So effective. So gentle. Just take 2 to 4 tablespoonfuls with water. You'll be thrilled with the way it helps you start each day keenly alive and refreshed. What's more, Phillips' Milk of Magnesia is one of the fastest neutralizers of excess stomach acidity known to science. Its double-action means relief from constipation and relief from acid indigestion. Remember...

It costs as little as **25¢** TO BE SURE OF THE BEST

MADE IN CANADA

Just SAY the word

when you ask me to tea. That's my guarantee and yours of real, satisfying tea pleasure.

Lipton's Tea has *brisk* flavour. That's what the experts say. That's what you will say the moment you taste this grand full-bodied tea. Lipton's Tea has that *brisk* flavour, always so fresh and spirited that every cup rates an encore. Change today to *brisk* tasting Lipton's Tea.

Brisk tasting LIPTON'S TEA

THE FIRST ISSUE OF CANADA'S NEW SAVINGS BONDS WILL GO ON SALE OCTOBER FIFTEENTH

OTTAWA.—The new Canada savings bonds—peacetime version of victory bonds—will go on sale Oct. 15 with an interest rate of 2.75 per cent. Finance Minister Hiley announced. Interest rate on the last, or ninth, victory loan was three per cent. on long-term bonds, 1½ per cent. on short-term.

The bonds, dated Nov. 1, 1946, and maturing Nov. 1, 1956, will be issued in denominations of \$50, \$100, \$500 and \$1,000, and holdings by any one person will be limited to \$2,000 since the issue is aimed at increasing individual saving by Canadians.

Because holdings are limited, the bonds will be registered as to principal and will be non-transferable and non-assignable. They will also be non-callable by the government.

One difference in the new issue from wartime issues will be that where some 15,000 salaried men assisted victory loan campaigns, the new bonds will be available only through banks, authorized investment dealers, stockbrokers or trust or loan companies, or through employers on the payroll savings plan.

The bonds are redeemable at 100 per cent. plus interest at any time and at any branch of a chartered bank in Canada upon identification of the registered holder, interest calculated monthly.

The 2½ per cent. interest will be by annual coupon. The sale opens Oct. 15, when the bonds will be available for cash, on the monthly savings plan, payroll savings plan or by personal arrangement with a bank.

The interest rate of 2½ per cent. bears out a forecast by the finance minister last June that terms would be more favorable than those of other comparable investments at the time of issue.

"The fact that the Canada savings bond is backed by the resources of the Dominion of Canada makes it the safest of all investments, and comparison can only properly be made with other Dominion of Canada issues," the minister said in a statement.

HAD RICH HAUL

Salmon Fishermen Will Likely Have Revenue Exceeding \$4,000,000
NEW WESTMINSTER, B.C.—Fraser river sockeye salmon fishermen have just completed their most successful season in four years with a total catch that will bring them a gross revenue of possibly more than \$4,000,000.

Fishing for sockeye salmon on the Fraser has been closed indefinitely and will not reopen unless such action is found advisable by the Pacific International Salmon Commission.

More than 3,000 gill net boats, many of them operated by veterans of the Second Great War, participated in the rich hauls as the great Adams river sockeye run moved up the Fraser river to spawning grounds. The Adams river run, the largest on the Fraser river, is estimated to have numbered more than 12,000,000 fish this year.

The salmon runs are in four year "cycles" and the great Adams river run will not come back up the Fraser river until 1950.

STOP SHIPMENTS

Canadian Wheat Board Issues New Ruling Governing Barley

WINNIPEG.—The Canadian wheat board announced that effective immediately no shipments of barley may be made to Fort William-Fort Arthur from any shipping point west of these ports. Shipment of damp barley is exempt.

It was also announced that shipment of oats from each western elevator to any destination would be permitted in the ratio of one car of oats after every three cars of wheat had been shipped.

MAY USE PALACE

COPENHAGEN.—A palace built nearly 200 years ago for the Danish statesman Count Bernstorff will be used as European headquarters of the United Nations Food and Agriculture organization if an invitation from the Danish government is accepted.

FORESEES OIL ACTIVITY IN NORTH

Hon. W. A. Fallow, Alberta's minister of public works, has a vision of a huge new oil industry at Bitumont, 50 miles down river from Ft. McMurray. He says that if a report his department is preparing on the famed tar sands shows oil can be separated profitably, a separating plant in the north and a pipe line to Edmonton will be built by private interests.

USING NEW IDEA

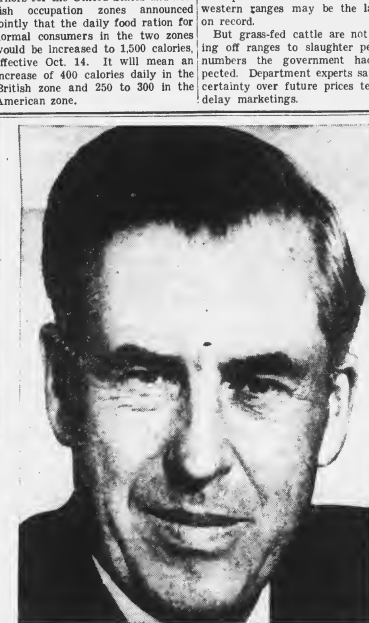

South African Park Officials Will Not Tolerate Trespassing

JOHANNESBURG.—Trespassing motorists who choose to ignore the signs telling them to stay out of the Dongola botanical reserve in northern Transvaal are likely to regret their decision.

The intruders, most of them would-be game poachers, have an excellent chance of winding up in the middle of the park with a set of flat tires. Roads in the park are skilfully "mined" with bent nails and other sharp-pointed obstacles, laid flush with the road and almost completely invisible to motorists, who may continue for several miles into the park before the "mines" take effect.

GETTING MORE FOOD

BERLIN.—Deputy military governors for the United States and British occupation zones announced jointly that the daily food ration for normal consumers in the two zones would be increased to 1,500 calories, effective Oct. 14. It will mean an increase of 400 calories daily in the British zone and 250 to 300 in the American zone.

FORMER U.S. VICE-PRESIDENT, HENRY WALLACE flung a bombshell in the diplomatic world when he made public his letter to President Truman urging guarantees to Russia.

CONTRACTS CLOSED

Canada Will Be Sending Quantities Of Food To Britain

OTTAWA.—The government of Canada has just closed contracts with Great Britain, Hon. J. G. Gardiner, minister of agriculture, announced, for the largest shipments of Canadian apples and vegetables since 1940.

Contracts also have been closed for shipment in 1947 of 1,750,000 cases of shell eggs and 7,500 long tons of sugar-dried eggs, the same quantities as in 1946, but at prices averaging one cent a dozen higher for spring eggs and two cents a dozen more for fall eggs.

Another has been completed for the sale of 374,000 bushels of dried white and yellow whole peas from Alberta, Saskatchewan, Manitoba, Ontario and possibly Quebec.

NEEDS MORE WHEAT

Fall Rains Have Destroyed Large Quantity In Ireland

DUBLIN.—Ireland will seek 350,000 tons of wheat from Canada and the United States this year, compared to her normal imports of 150,000 tons, informed sources said.

A serious wheat situation has arisen from abnormal fall rains which may have destroyed one quarter of the country's grain crop.

Sean Lemass, minister of industry and commerce, has organized a bread-rationing plan and 3,000,000 rationing books are ready for printing at short notice, it was learned. Bread rationing would mean a reduction in Ireland's food export to Britain because diet alternatives would have to be supplied.

PRICES TO BLAME

Uncertainty Is Delaying Marketing Of Cattle In United States

WASHINGTON.—Meat-hungry Americans are witnessing the paradox of near-record numbers of cattle roaming the ranges, while their dinner table platters are empty of beef.

Agriculture department officials said the number of cattle on United States farms is not far below the 1944 peak and that the number on western ranges may be the largest on record.

But grass-fed cattle are not moving off ranges to slaughter pens in numbers the government had expected. Department experts said uncertainty over future prices tend to delay marketings.

GOVERNMENT MEMBER GIVES OUTLINE OF FOREIGN POLICY INDIA IS HOPING TO ADOPT

NEW DELHI.—Pandit Jawaharlal Nehru, member for external affairs in the new interim government of India, outlined to a press conference his country's aspirations as a sovereign state.

Mr. Nehru, who also is vice-president in the interim administration, said India would avoid power politics and would claim fuller diplomatic representation with ambassadors to the great powers. Goodwill missions would be sent to the middle east and Europe.

"Often enough we shall inform His Majesty's government (in London) of what we have done, but the point is that the direction and advice will go from here and not from the foreign office in London," he said at his first press conference since taking up his new office.

ELECTION WAS SURPRISE

Election of Real Caeuette, 29-year-old garage manager, running on the Quebec version of the Social Credit ticket in the Pontiac by-election, is looked on by both old-line parties as a major political upset. Liberal loss of the seat drops government support in the House to 123 out of 245 members.

FOR CROP FAILURES

Estimated \$11,000,000 To Be Paid Farmers In Western Provinces

OTTAWA.—Agriculture Minister Gardiner announced payments totaling an estimated \$11,000,000 will be made to farmers in 1,526 prairie province townships under the Prairie Farm Assistance Act for crop failures this year.

The payments will go to 1,050 townships in Saskatchewan, 450 in Alberta and 26 in Manitoba.

Mr. Gardiner said townships where the crop yield ranged from four to eight bushels an acre would receive \$1.50 an acre for one-half the cultivated acreage up to 200 acres, while those where the yield was less than four bushels would receive \$2 an acre on the same basis.

He added that 126 townships in Saskatchewan and 67 in Alberta had reported yields of less than five bushels.

"Ultimately our representative in London, whether he is called ambassador or by whatever designation, will deal with India's relations with England directly. The India office is bound to be liquidated anyhow."

(The India office, a branch of the British government, has been responsible for Indian affairs up to now.)

The Indian leader said India would like to have normal diplomatic relations with Russia, "but for the moment we have none and we have to explore, investigate and then establish it after consultation with the Soviet government."

He added that "apart from Russia's intrinsic importance in world affairs today, the Soviet Union is our neighbor and it is always desirable to have neighborly relations with one's neighbors."

Plans had been drawn up for an Indian foreign service to man diplomatic posts in the British empire and foreign countries, Mr. Nehru said.

RULES FOR PEACE

ALBANY, N.Y.—The Archbishop of Canterbury was asked at a press conference whether he could give five rules for world peace. "I could give you 10," most Rev. Geoffrey Fisher replied, adding that "the curse of the modern world" was the idea that "because the Ten Commandments are old they should not be believed in."

CANADIAN SCIENTISTS HAVE PRODUCED VARIETY OF OATS WHICH WILL RESIST ALL RUST

OTTAWA.—Canada's agricultural scientists have come through with another victory over nature.

This time it's a new man-made variety of oats, so new that it hasn't yet been given a name. Its peculiar feature is that it is able to resist all the strains of stem and crown rust that appear in Canada and which in some sections forced farmers to abandon oat production and turn to other cereals.

The strain also will resist loose and covered smut which has made its appearance in some oat-growing areas.

The product of 14 years of checking and cross-breeding, the new variety has been developed by plant breeders and pathologists at the Dominion rust research laboratory at Winnipeg.

Officials said it was hoped that by next spring some 1,500 bushels of the new seed may be available for distribution to selected seed growers to increase production of seed to the

point where there will be enough for all who want it.

This is not the first oats variety that is resistant to rust, a disease in which rust-colored spots develop on the stem, leaf or crown of the grain and retard its maturity. But it is the first strain that is resistant to all the various types of rust.

Work on the new variety was started in 1932 when some seed of a South American variety of oats known as Victoria was obtained from the United States department of agriculture and was crossed with a sister strain of Vanguard, a variety resistant to certain stem rust and now widely-grown across Canada.

SMUGGLERS CAUGHT

HERFORD, Germany.—An international smuggling gang operating on a large scale over Dutch, Belgian, Danish and German frontiers has been smashed by the combined frontier control services and a number of arrests made.

UNITED STATES AND BRITAIN ARE NOT WITHDRAWING FROM JOB TO REHABILITATE EUROPE

LAKE SUCCESS, N.Y.—United Kingdom and United States delegates to the United Nations economic and social council told Russian delegates that both their countries were in the European rehabilitation picture to stay.

They reminded Russian critics of what had been done by the two major powers to save and to rehabilitate Europe and warned that they were not going to let all that effort go to waste and permit European countries to sink into a morass of inflation and economic chaos.

The spokesmen were Philip Noel-Baker, British delegate and minister of state, and John Winant, permanent United States member of the council.

They were answering bitter criticism from three Soviet delegates of the 450-page draft constitution of an economic commission to co-ordinate rehabilitation efforts in the war devastated areas of Europe.

Nikolai Frenov, Russian delegate, said the report had overlooked the realities of the European problem and should be redrafted. He said it

dealt with economic practices and advice but did not promise "immediate relief and immediate help."

But the Soviet delegate was particularly bitter over the apparent treating of Europe as an economic unit. "I do not believe Europe is an economic unit and if it is, why is the United States brought into it?"

Mr. Frenov implied that the United States was on the proposed commission to take care of its own economic welfare, and brought a sharp retort from Mr. Winant.

"I want to remind the Soviet delegate that the United States is part of the occupying force in Germany and Austria and is on the Allied control council," he said. "What is done by that council is important to the economy of Europe."

Mr. Noel-Baker said the economic commission would in a measure replace UNRRA which goes out of existence next year and which had spent nearly \$4,000,000,000 to aid war victims of Europe. Two thirds of that money came from the United States and Britain was second largest contributor.

PALESTINE VISITOR REPORTS TO ONTARIO ZIONISTS—Recently returned from Palestine, Mendel Fisher, left, executive of the Jewish National Fund of America, chats with Max Grafstein, editor of the Jewish Observer, in London, Ont., where Ontario Zionists heard him discuss Holy Land problems.

LOCAL NEWS

Wm. Field, enroute to Wrentham to take part in a baseball game last Sunday, stopped over at Macleod where he visited his parents Mr. and Mrs. Charles Field.

Constable and Mrs. W. A. Shields, the former of the Blairmore detachment, R.C.M.P., have returned from their honeymoon and have taken up residence in Coleman.

Mr. and Mrs. Henry Raymond and family, who have been residing at Vancouver for several years, have returned to Coleman to reside. Mr. Raymond has gained employment at International.

Mike Hudz and Norman Ford have left for Calgary Technical school. This is Mike's second term. Norman will start his first term and will take training in a machinist's course. Both boys are good hockey players and will be missed from the local hockey scene this winter.

Mrs. J. Morrison entertained at bridge last Friday evening two tables being in play. Mrs. W. H. Garner won first prize, Mrs. R. Parry second, and Mrs. J. H. Boulton the consolation. The party was treated to a delightful chicken supper and an enjoyable social evening came to an end at midnight.

Prize winners at the Rebekah whist drive held last Thursday include Mrs. M. White, Mrs. Sullivan, Mrs. F. May and Mrs. W. Roughhead. The raffle for the centre piece was won by Mrs. S. Penney with ticket 113.
